

## Your Beautiful Presence is Requested

*All levels welcomed and encouraged, whether you are a beginner on the path, or already a teacher and a guide for others.*

Temple of Bliss is forming an integrated intensive weekend of *Remembering Union: A Transformational Healing Journey* to be offered to the blessed beings of our community. We invite your attendance to receive the jewels from our Collective of Teachers/Presenters in the format of "A Sacred Council" on "The Art of Shamanic Tantric Communion." Together we will learn ways to best co-create this Shamanic Tantric Communion: within ourselves, within our relationships, and supported within our community.

### What is the Art of Shamanic Tantric Communion?

Here, Shamanic means "Accessing Authentic Truth," and Tantric means "Awakening the Heaven Within." By acting impeccably in the world, we create an atmosphere within and around us which not only nurtures our own development as human beings, but also betokens our ecstatic entry into the realm of self-awakening. We will need to be brave to open to the reality of who we are, but being brave in this context is simply having the courage to wake up to who we really are, to open ourselves thoroughly and honestly to this basic expression of what it means to be alive, to look deep within the mirror, the crystal temple of the Soul. We ALL have our work to do and we may be clumsy as we learn how to be truly impeccable, thus we call upon Compassion & Permission for ourselves and for others as we learn our way Home, 'Remembering Union' to our highest way of being & relating.

And so, The Art of Shamanic Tantric Communion requires the sensitivity to be completely, intentionally present, the willingness to feel raw emotional vulnerability, the openness to explore the unknown, and the courage to let the genie out of the bottle, completely transforming the way you see the world and your place within it. There is the potential of entering altered states of consciousness, where you may receive ecstatic visions and transmissions. Ask for what you want to receive. The Infinite Love of the Universe wants to play with you!
